EURIPIDES² FREE WEBCAST #7
5 FEBRUARY 2015

Call for proposal looking for partners
Deadline for submission: 15 January 2015

Your company is ready to be part of launching an innovation on the market and you are looking for partners? The EURIPIDES² webcast is for you!

Interested in working with partners beyond national borders, developing new products or working on pre-competitive research? Take an active part in our webcast and provide us [HERE](#) a few lines dedicated to your project ***before Thursday 15 January 2015:***

- a short profile on your organization,
- your motivation: problem to be solved, research and development domain(s), market(s) addressed
- the profile of partners you are looking for.

Please note that the number of projects is limited.

Your proposals should address design development and manufacturing of electronics including: active components, passive components, interconnection components, electric board assembly, electric module assembly, stand-alone electronic systems, embedded systems, emmeshed or implanted systems and target the following markets: aerospace, automation, automotive electronics, marine application, medical, power supplies,

test equipment, transport, security, smart home and smart cities.

We put you in touch with the right people & connect you to funding opportunities:

- * A network all over Europe and beyond (6,000 contacts)
- * The support from the EURIPIDES² office to select the best partners you need
- * The visibility for your company and your technologies
- * On-line feedback on the eligibility of your proposal

Our webcast is a live event organised on 5 FEBRUARY 2015

The full program will be available end of January 2015. Stay tuned!
